

A contemporary collection of frameless glass showcases designed to complement almost any interior accent.

Available in 3 styles, the Kubica™ series features toughened glass construction, adjustable shelving and lockable, hinged doors. Accompanying the range is an optional 20 watt halogen, dichroic lamp system, which simply attaches to the internal shelf-support rod of the showcase.

Finished in either timber grain or white, all Kubica™ showcases come standard with adjustable feet or optional castors.
